

Tai Chi Shoes

Many of you have asked about ordering Tai Chi Shoes, sometimes called Kung Fu Shoes. We are providing a list of websites that offer different styles of shoes. Often Tai Chi shoes are sized according to inches; others will offer American shoe size choices. Before ordering, place your foot on a ruler and measure the number of inches from your heel to your large toe. Most companies recommend that you round up to the next largest number. *Tai Chi Maine* does not endorse any of the provided companies—nor does it recommend one over any of the others. *Tai Chi Maine* is providing information only.
